INSTRUCTIONS FOR USE OF CANDIDATE NOMINATION FORM -- PNR PRESIDENT'S AWARD

Nominees and nominators are required to be members in good standing of the National Model Railroad Association, Inc. and of the Pacific Northwest Region of that Association.

Nominations may be submitted only on this form. Only one copy is required to be submitted. More space than provided may be needed to detail the qualifications of a candidate. Commence on the form under "Information in support of the Nomination" and continue on as many supplementary sheets of paper as necessary, writing clearly or typing only on one side of each sheet. Number each sheet used in addition to this form, commencing with "4 of ____" and proceeding in numerical sequence, placing the numeral and the name of the candidate in the upper right hand corner of each sheet. Secure sheets in proper sequence to this form.

Because selection will be based entirely on information recorded on this form and attached sheets (and other items specified by the following instructions), with interview of the nominee and nominator as may appear necessary, it is important that the qualifications of the nominee be submitted in detail. If the nominator should consider that references to publications, documents, and similar items, are helpful to support the nomination, he is required to list them on this form, and to submit them or obvious copies (such as produced by Xerox-type copying machine) with this form, each marked for ready reference.

In preparing the qualifications of a candidate, consider that all details must support his services to the hobby of model railroading and through such to the benefit of the PNR, during a period of at least the twelve (12) months prior to the date of the closing of nominations (see following paragraph). Participation in activities that were pertinent to the nominee's own personal interests or advantages and not resultant in general benefit to the PNR, cannot be considered by the Selection Committee.

CLOSING OF NOMINATIONS - Nominations must be received by the PAP Chairperson no later than sixty (60) full days before the advertised commencement of the annual PNR Convention of the year in which the nominations are submitted. This arrangement is necessary in order to allow sufficient time for the selection process and to prepare the trophy with suitable engravings so that it may be in readiness for presentation to the honoree at the PNR Convention immediately following the close of nominations. To determine the exact date nominations close, count back sixty (60) full days from the advertised commencement date of the annual PNR convention; as example, if the convention were advertised to commence on August first nominations would close at midnight May 20. Dates will, of course, vary from year to year. In the event that the closing date of nominations should fall on a legal holiday in either the United States or Canada, one day of grace will be allowed for submitting nominations.

Selection Process

On close of nominations, the President's Award Program Chairperson will advise President and Vice president PNR, of the nominations and forward to them the nomination packages, The President and Vice President will jointly make the selection of the individual to receive the award. The selection will be based on the materials provided

in the nomination package. The president and Vice president may conduct joint interviews of nominees and /or nominators, as set forth in the PAP guidelines. The name of the nominee selected to receive the Award is kept in strict secrecy until presentation of the trophy at the annual PNR convention, Names of nominees who did not qualify are also treated with complete secrecy. The requirement of secrecy is, obviously, to avoid embarrassment of all nominees involved.
